Father is a tailor and earns very less amount of income every week. Mother is a house-wife. They find it very hard to run the family with this income as they have to pay the house rent, school fees to both the children. Most of the time father will not have any tailoring job in the factory where he works. When the factory doesn't give him job, they will also not pay him for that. Father even tried to find out an other job. But again it seems very difficult, because to find a job, he has to quit this particular job and if he doesn't get a good job in time again lack of income, difficulty etc. will be the family situation. So mother as a house wife finds very difficult to run the family. She even has the responsibility to fulfill the basic needs of the children for which it seems impossible for her to do so. As a family they come to our church and seeking the Lord for nice job and blessings in the family.
